

Teays Pediatrics

IS SOON TO BE

Dear Valued Patient:

As your child's care providers, we are pleased to inform you that we will be joining Valley Health Systems, a Tri-State leader in primary care, beginning December 2, 2019. While the name of our Teays Pediatrics practice will be changing to Valley Health, the service that you have grown to know and trust from us will not. There will be no interruption of care, and you can be assured that we will remain as involved and fully committed to the growth and well-being of your child as we have in the past.

We are excited about the collaboration with Valley Health knowing that it will bring the availability of additional services to the children we have been serving. You and your child will gain connections to specialized services that include behavioral health, dentistry, optometry, pharmacy, WIC and more. We will even be able to offer qualifying patients access to a Sliding Fee Scale Discount Program to help with the cost of care.

Valley Health sincerely looks forward to the opportunity to be your healthcare partner for years to come. If you have questions or would like to schedule an appointment, please call 304-757-8803.

For additional information about Valley Health, visit valleyhealth.org.

Warm regards,

Ann Lamberdis, MD, FAAP

Jessica Allen, APRN, FNP-BC

Steve Shattls, Valley Health President & CEO
